

# Live To Love Another Day

Keith Urban

Intro: G

## VERSE 1

G7

Lord I fell for her smile  
And she loved me for a while  
Then she said good-bye gotta go  
Left me standing on the side of the road

C G7  
Now she's gone and I'm a memory in her past

C G7  
And the long and short of it some things never last

## CHORUS:

C  
Oh because summers come, summers go  
G7

I'll keep walking down this road  
C

It's alright and it's okay  
G7

I'll live to love another day  
G7

I'll live to love another day

## VERSE 2:

G7

Lord I'm out here again  
With my back to the wind  
The warm sun that's sinking low  
Is gonna leave me out in the cold

C G7  
But the long and short of it some things never last

C G7  
And if that goes for the good it must go for the bad

## CHORUS (*same as above*)

## BRIDGE:

G7  
If I fall down, I'm not ashamed  
G7

I always get back up again  
G7

But I'll be fine 'till the right one comes  
A7 C

To save me, save me, save me

## VERSE

G7

Lord I fell for her smile  
And she loved me for a while  
And someday she's gonna wish  
She hadn't left me here like this

## CHORUS (*same as above*)
